"A Real Necessity in Every Office"--The City Directory

Vital Information at Your Fingertips--The City Directory

A STATEMENT

of

ADVERTISING PRINCIPLES

1. GOOD ADVERTISING—aims to inform the consumer and help him to buy more intelligently.

2. GOOD ADVERTISING—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. GOOD ADVERTISING—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. GOOD ADVERTISING—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Fayetteville Directory since 1906), presents to subscribers and the general public, this, the 1966 edition of the Fayetteville City Directory, which also includes Bonnie Doone, Drake Park, East Fayetteville, Lafayette Village, Lakedale, Massey Hill and Myrtle Hill. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 city, county, state and national Directories).

Confidence in the growth of Fayetteville's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Fayetteville to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Fayetteville Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Fayetteville, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Fayetteville, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers and ZIP Code numbers. ZIP Code numbers are shown immediately following each street de-

113399

scription. If a street runs through more than one zone, the new ZIP Code number is shown immediately preceding the lowest street number in the new zone.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Fayetteville and vicinity.

The Fayetteville Out-of-Town City Directory Library

Through the courtesy of the publishers of the Fayetteville City Directory, a Directory Library is maintained in the offices of The Fayetteville Area Chamber of Commerce Inc., for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in the cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Publishers.

FAYETTEVILLE

"Downtown Fayetteville"

THE FABULOUS FAYETTEVILLE AREA

Fayetteville, the County Seat of Cumberland County, is in the Coastal Plain Section of North Carolina and is the Hub of a Seven County Area.

POPULATION:					SALES MANAGEMENT PROJECTION ———
	1940	1950	1960	1965	DECEMBER 31, 1970
City:	17,428	34,715	47,106	51,022*	(11/10/65)
County:	59,320	96,006	148,418	180,300**	205,800**

*Certified as of 9/15/64 Interium Census.
**Sales Management Projections.

People from each of the adjoining six counties are presently employed in The City of Fayetteville, or in industries that are situated adjacent to the City. These seven counties have a combined population of 446,000 and that is supplemented by those at nearby Fort Bragg and Pope Air Force Base.

These adjacent counties, together with 1960 population figures and 1965 Sales Management Projection figures are as follows:

	1960	1965		1960	1965
Bladen	28,881	28,400	Moore	36,733	38,500
Harnett	48,236	48,600	Robeson	89,102	90,000
Hoke	16,356	16,600	Sampson	48,013	47,300

Cumberland County and Fayetteville experienced phenomenal growth as a result of activities at Fort Bragg and Pope Air Force Base During World War II. Because of a number of circumstances, this growth was not only retained but actually increased. Being situated midway on the principal route between New York and Florida has had its effect. The combination of Interstate Route 95 and U. S. Highways 301, 401 and 13 has developed the tourist business to the point that Cumberland County now ranks fifth in that phase of the State's economy, in spite of the fact that it is not a resort area.

Town of Spring Lake

Pictured here are two of several attractive smaller communities in Cumberland County. Spring Lake, shown above, registered a population of 4,110 in the 1960 census, and is situated ten miles north and west of Fayetteville on highways NC 24, NC 87 and NC 210, adjacent to Fort Bragg. It is also served by a branch line of the Atlantic Coast Line. Hope Mills, shown opposite, had a population of 1,109 in 1960. It is situated on NC 59, a belt line highway connecting US 401 North with US 401 South, US 301 South and I 95 South. It is situated on the main line of the A. C. L., the V. & C. S. and is about five miles from Fayetteville municipal airport. There are numerous other very attractive smaller communities in Cumberland County, all of which are situated on either highway, rail or both. A review of the population pattern will indicate that of 180,300 county residents, more than one hundred thousand live in the area outside the City of Fayetteville.

A hotel and motel haven of rest for the tired traveler or the bushed business baron.

HOTEL ROOMS - 324 MOTEL ROOMS - 1,411

Situated on Interstate 95, US 13, US 301, US 401, NC 24, NC 53, NC 59, NC 71, NC 87 and NC 210, Fayetteville is host nightly to hundreds of people going in all directions. Being midway on the Florida/New York Throughway, hotels and motels in the area have been forced to maintain modern facilities which will fill better the needs of the traveler on a tight budget and the one who demands the best. All are air conditioned for your comfort and include television. Most all either have their own fine restaurant or there is one near by.

The hotels and some motels are located downtown, and many of the motel units are between the Municipal Airport and downtown. Several have special meeting rooms that will accommodate from twelve to four hundred for meals; more for meetings. In season, most all have modern pools for a refreshing dip

during the daytime or for a bit of relaxing before retiring. Should you have a bit of time to spare, Fayetteville offers a number of most interesting historical places to visit. Weekdays, weather permitting, there are mass parachute drops of both men and equipment at nearby Fort Bragg, home of the XVIII Airborne Corps, the famous 82d Airborne Division and The John F. Kennedy Center for Special Warfare. Pope Air Force Base, home of the 464th Troop Carrier Wing, lies adjacent to Fort Bragg. These are all open to the public.

"THE FAYETTEVILLE AREA IS A SHOPPER'S DELIGHT"

Modern department stores, smart specialty shops, together with drug and variety stores in the area fill the shopping needs and requirements of local residents and also many from the surrounding counties.

Evidence of the growing retail portion of The Fayetteville Area Economy is reflected in the retail sales in Cumberland County during the past few years--

General information on the downtown section and outlying shopping centers is given on the pages which follow.

DOWNTOWN IN FAYETTEVILLE !!!!!!

Modern department stores and smart specialty shops, together with progressive and complete appliance, drug, furniture and variety stores in the downtown area, do an outstanding job of serving the needs of shoppers, not only of Cumberland County, but of quite a portion of the surrounding counties, extending into South Carolina

Unlike the national trend, Fayetteville's downtown area has shown a continuous development and growth. Recently extensive additions have been made by Belk-Hensdale, J. C. Penney Co. and Sears, Roebuck and Co. department stores and the S. H. Kress variety store has been enlarged considerably.

J. C. Penney Co.

Many buildings in the downtown area have been modernized to match new bank buildings of Branch Bank & Trust Co., First-Citizens Bank & Trust Co. and First Union National Bank. Guaranty Savings & Loan has recently completed its second enlargement and has a new building under construction. Home Federal Savings & Loan has also completed an extensive enlargement which compliments Fayetteville's new Federal building.

Most all major auto dealers have basic operations in Downtown Fayetteville.

Many restaurants and snack bars are scattered throughout the area to serve shoppers and those who are employed in offices throughout Downtown Fayetteville.

SEARS

Not following the present nation-wide trend, Downtown Fayetteville has continued to develop and expand in spite of several fine new shopping centers in the outlying areas! This can be attributed primarily to three factors.

1. Progressive financial institutions and merchants have kept pace with the population growth by programs of both expansion and modernization.

2. City, County and Federal agencies are still located in the downtown business area and are in the process of expansion.

3. The Downtown Fayetteville Area is just off Highways I-95, US 13, US 301, US 401, NC 24, NC 53, NC 87 and NC 210. This opens a convenient door to a tremendous potential among the population along those routes as well as the tremendous New York/Florida tourist market which passes just off the downtown area.

Union Bus Station with over 100 schedules daily and the passenger station at the Atlantic Coast Line with ten trains daily supplement these factors. Local bus service is also available into the downtown area from as far out as eight miles with 250 schedules daily.

CAPITOL

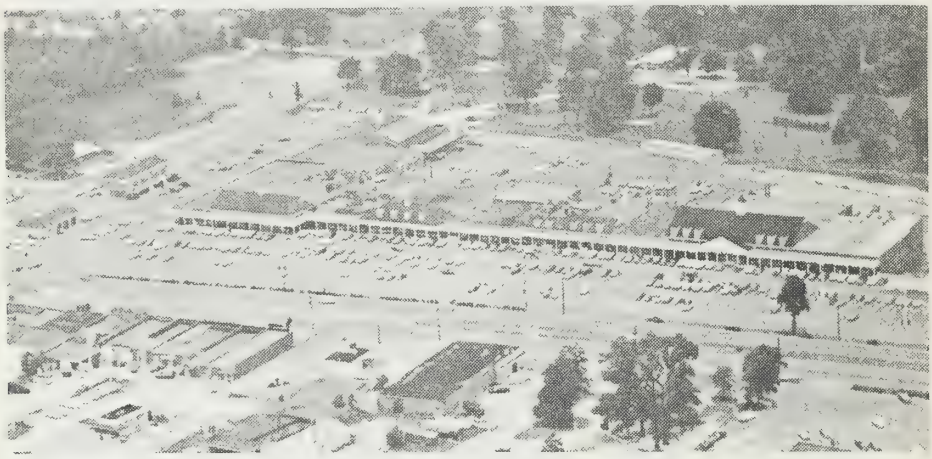
KING SHOPPING CENTER

Situated in the 3400 block on Bragg Boulevard, King's serves several new residential developments in addition to others that have been established for some time. Being on six lane NC 24 and NC 87 causes its facilities to be very accessible from most any spot in the area. One of the largest public eating facilities in the community is located in this center. Developments presently under construction and others on file with the City Planning Department assure its continued growth. Its facilities today are quite complete and are supplemented by retail, food and service operations along the Boulevard. As might be observed, ample room remains for expansion in the future.

King Shopping Center

Haymount Shopping Center

HAYMOUNT SHOPPING CENTER

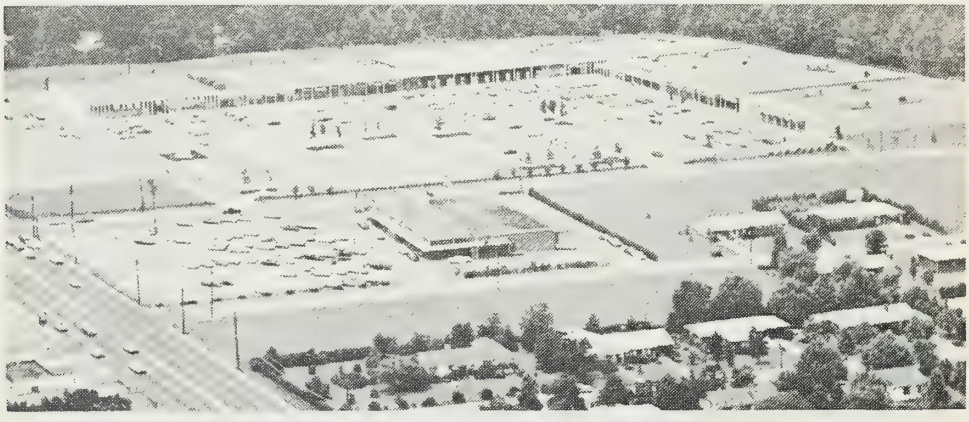


Haymount, as might be surmised from the photo below, is situated in an area which not too many years ago was on the outskirts of the City. It is situated where Fayetteville's main street, Hay, splits to become Fort Bragg Road and Morganton Road. In Haymount, one can find the answer to most all needs,

even having its own fire station (No. 2) and post office. Traffic in the area is increased by general office operations and the fact that it is situated at a crossroads serving numerous areas to the west and southwest of the downtown area. Specialty shops, service operations and eating establishments provide the answer to most any shopper's needs.

The Fayetteville Little Theatre owns and operates its own facility in this area, with seating for 300.

EUTAW SHOPPING CENTER



"Eutaw," located in the 20th block off busy Bragg Boulevard, is a most complete shopping center that has never stopped growing since it was first opened in 1954. Because of the fact that it was planned with the future in mind it can continue to grow for years and yet have adequate room for parking. Its facilities serve quite an area on either side of the six lane boulevard which carries NC 24 and NC 87. It is easily accessible from most any point in the area. It has 43 business units, plus a U. S. Post Office, a motel and an ABC Store.

Eutaw Shopping Center

TALLYWOOD SHOPPING CENTER

The photo below hardly does justice to Tallywood! With frequent new openings, any picture is dated. As might be judged, this center was designed with the future in mind and well that it was. It is situated on US 401 and is in the very heart of many existing developments plus others that are on the drawing boards. In addition to the highway which it faces, it is just off the principal bypass, connecting US 401 South with US 301 and Interstate 95.

BRICK HOMES ROLLING TERRAIN PINE TREES

These three factors, blended with beautiful flowers and friendly people, cause the Fayetteville area to be a wonderful place to live, grow up, retire or visit. The homes pictured here are quite typical of the many livable homes in the area, whether in the City of Fayetteville or in the urban area.

Pine Trees and Brick Homes Abound

Throughout Cumberland County.

Since the 1960 Bureau of the Census Study, Cumberland County has seen over eleven thousand new homes erected. These vary from the conservative houses at $9,000 to those on one acre to two acre lots overlooking beautiful lakes. These homes seem to all be conveniently close to churches, schools and shopping centers, with splendid bus service to the downtown area. Homes are available for either sale or rent. For those who prefer the convenient apartment life to that of the homeowner, with his many responsibilities, there are several to select from and additional units constantly under construction.

The several developments included in the aerial photograph shown emphasize the well planned curved drives and streets that tend to lessen the monotony of the straight streets in days gone by.

Evergreen & Welmar

Fayetteville and Cumberland County, with some two hundred churches, could rightfully be termed "A Community of Churches." The two churches shown are splendid examples of the influence of churches through the years. First Presbyterian, pictured opposite, was the result of the original Scots, who came up the Cape Fear River to establish homes on its banks. It was originally built, as it stands today, in 1800, being restored following a disastrous fire in 1831 which destroyed all but two houses in the community. Snyder Memorial Baptist, built in 1959, gives evidence of a continued fine influence within the community. In addition to most all protestant faiths, the Fayetteville Area also has a beautiful new Jewish Synagogue, Beth Israel, and a fine Greek Orthodox Church and Hellenic Community Center.

Snyder Memorial Baptist Church

Listed in the current Fayetteville telephone directory are the following churches—Assembly of God, 3; Baptist, 43; Catholic, 3; Christian, 2; Christian and Missionary Alliance, 1; Church of Christ, 5; Church of God, 12; Congregational, 2; Episcopal, 6; Greek Orthodox, 1; Holiness, 21; Interdenominational, 1; Jehovahs Witnesses, 1; Jewish, 1; Latter Day Saints, 1; Lutheran, 3; Methodist, 30; Non-Denominational, 1; Presbyterian, 26; Salvation Army, 1 and Seventh-day Adventist, 1.

As indicated by this list, the Baptist, Methodist and Presbyterian faiths are predominant in the community in that order. Presently under construction are new sanctuaries for several of the churches for completely new congregations. Among the new sanctuaries included in the totals above are St. Patrick's Catholic and Haymount Methodist. Peace Presbyterian is one of the newer congregations with a new sanctuary.

First Presbyterian Church

Unison of the local religious community is especially evidenced by the unanimous financial support given to the new Methodist College by people of all faiths. The older and original churches in downtown Fayetteville are still most active and strong, and are open to the public for meditation and prayer throughout the week. Their chimes and bells lend a restful and reverent atmosphere to the downtown portion of the city. Those located in the immediate downtown area are First Baptist Church, First Presbyterian Church, Hay Street Methodist Church and St. John's Episcopal Church.

"TWELVE MONTHS GOLF"

Fayetteville's two Country Clubs, Highland (shown above) and Green Valley, both have splendid facilities and challenging eighteen hole courses. A new clubhouse has been constructed by Green Valley.

For the really avid golfer, The Fayetteville Area is a paradise! Ten miles north and west of Fayetteville lies Fort Bragg, which also has two outstanding courses, both eighteen holes.

Immediately adjoining The Fort Bragg Reservation is the world famous Pinehurst - Southern Pines Golf Empire which offers eight courses comprising one hundred thirty-five holes.

A favorite of many in Fayetteville is a nine hole pitch and putt course. It is also home of the internationally famous Putt-Putt Golf Courses, two of which are operated in the City.

"Twelve Months Golf"

Within a thirty-five mile radius of Fayetteville, one could play on a different course every other day during the month with little inconvenience and no duplication!

METHODIST COLLEGE

METHODIST COLLEGE is a project, still in process, of which all persons in the area are proud! Opening in the Fall of 1960 with day students only, it became a four year co-educational liberal arts college in 1963 Fall semester. It graduated its first class in 1964! Sponsored financially by the Methodist Church and people of the area, the plant presently consists of Classroom, Student Union, Library, Science and Dormitory Buildings. Construction is now in process on two additional dormitories and the Chapel. Present enrollment totals 814 and is from 21 states in addition to North Carolina. The faculty numbers 52.

Methodist College

Fayetteville State College

WORTH BUSINESS COLLEGE is a modern, well equipped school which offers both day and night classes. A well qualified staff of 9 instructors presently serves 125 students.

FAYETTEVILLE STATE COLLEGE, fully accredited, was organized in 1877. It is a fine four year school, operated by the State of North Carolina and presently has an enrollment of 1,195. In addition to its courses for teachers, it also offers several in the vocational fields. It is co-educational, the faculty numbers 73.

FAYETTEVILLE TECHNICAL INSTITUTE

This fine modern structure was provided by the people of The Fayetteville Area and is operated by the State of North Carolina. Training provided by the Fayetteville Technical Institute consists of both pre-employment and on the job. Following joint job analysis by the school staff and the prospective employer, training classes may be set up either in the school, the employer's plant, or in other suitable quarters. Instructors will be provided by the State. The Employment Security Commission, which has a Divisional Office in Fayetteville, will administer general aptitude tests and refer potential employees to firms for selection prior to actual training. This facility has very modern equipment for use in training and is constantly entering new fields. The program is set up in such a manner that new courses can be provided to fit most any business or industrial need. The institute can and will operate around the clock if needs be. Its present expansion program appears to have no end.

Enrollment as of May 15, 1966 was as follows: *

Instructors:	Full Time - 36	Students: Day	- 429
	Part Time - 37	Night	- 680

Fayetteville Technical Institute

The Fayetteville Area has been classified as one with surplus available labor for some time and will most likely continue so into the future. Originally, a portion of this surplus was caused by the rapid expansion of the City of Fayetteville and nearby Spring Lake. Between 1940 and 1960 The Bureau of the Census reported a drop of over 1,000 farm units in Cumberland County. The occupants of these units formed a surplus that has been increased monthly by military separations at nearby Fort Bragg. Today, many of these separations are twenty year men, ages 38-42, who have had extensive technical experience in fields such as electronics. Estimated population within twenty-five mile radius is 214,900.

HOSPITALS

Cape Fear Valley Hospital which now has 200 beds is soon to be expanded. It is situated on a site that was acquired with full consideration for expanded needs. HIGHSMITH-RAINEY MEMORIAL HOSPITAL has 127 beds. Both are operated by Cumberland County.

Physicians and surgeons in the Fayetteville Area total 65, dentists 30.

The hospitals shown on this page are supplemented by the very modern new 500 bed Womack Hospital at Fort Bragg.

There are 13 licensed Rest Homes, and 8 Nursing Homes.

The U. S. VETERANS ADMINISTRATION HOSPITAL has 390 beds and is situated on a site that would permit expansion if needed. Physicians attached to the Veterans Hospital number 22; dentists 2.

CITY AND COUNTY GOVERNMENT

The City of Fayetteville operates with a Council-Manager form of municipal government. The members of the Council and the Mayor are elected, the Manager appointed.

The City operated a very active street maintenance and improvement program. Its sanitary department provides garbage pickup three times weekly in the residential area with the most modern equipment; oftener downtown. This department uses a land fill method of disposal.

Fayetteville City Hall

Water and sewage facilities are described in detail elsewhere.

Cumberland County is governed by an elected Board of Commissioners.

County roads are maintained by the North Carolina State Highway Department, which has both District and Division offices in Fayetteville.

The County operates a very complete Health Department.

To supplement the City and County agencies, especially in promoting safety on the roads and highways, is Troop B Headquarters of the North Carolina State Highway Patrol Its staff of 29 employees also provides daily service in processing driver's license examinations. Equipment consists of 14 mobile units.

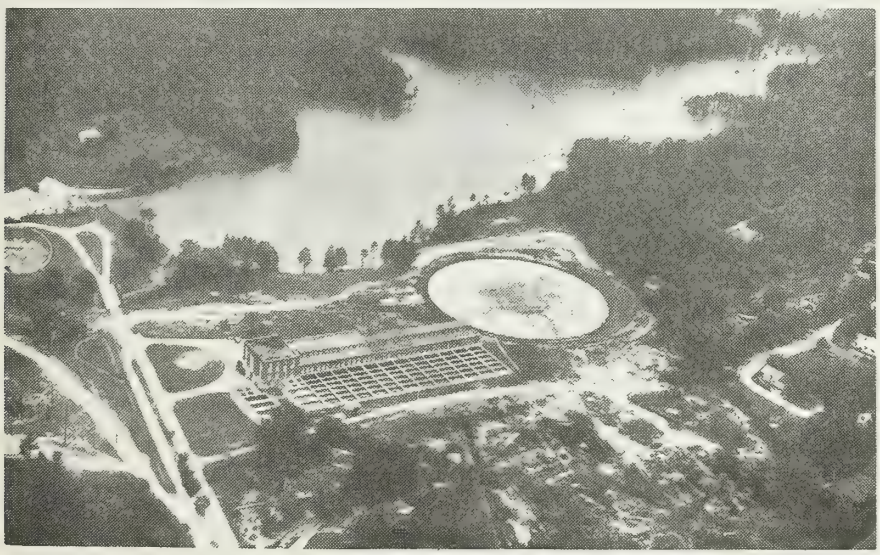
Fayetteville Fire Station No. 5



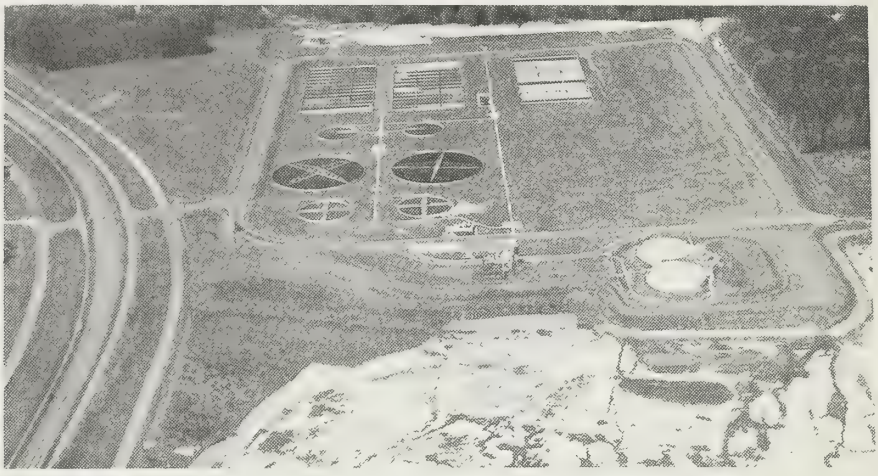
FIRE PROTECTION

City of Fayetteville

The City of Fayetteville maintains a most adequate fire department which gives local businesses and industries the benefit of an NB3 Insurance Rating; as fine as any in the State of North Carolina. This is accomplished through the combination of modern equipment and adequate training facilities. Presently there are five stations, Central Station being located in the downtown area and the other four at strategic points throughout the city. The permanent force is 93 with 20 additional volunteers. There are 24 pieces of mobile equipment, all with radio control. The average water pressure maintained at hydrants is 65 pounds. A system of 292 alarm boxes are situated at strategic places throughout the city. Industries situated adjacent to the city, however outside the actual city limits, may arrange for protection by the City Fire Department under certain conditions. In a number of instances, city water mains have been extended to service industries under such conditions. A very thorough inspection program keeps fire hazards at a minimum and also permits members of the department to be familiar with structures throughout the city. A fire prevention educational program is carried on continually with the city school system. The fire department also operates a rescue squad and has special equipment for that purpose.

Cumberland County

Thirteen volunteer or community fire departments are operated throughout the county. The rural fire tax rate is ten cents per $100 of assessed valuation. This, of course, is not payable by those in Cross Creek Township (Fayetteville). These units function with a total personnel of 310 and in several instances, include reserve squads in addition to those of the fire department activities. Their pieces of mobile equipment total 30 and in most all instances include two-way radio contact between the various stations and members of the volunteer forces. These units in the county have a very active program which includes several rescue squads with special equipment. All are housed in buildings constructed and equipped for the service.



Water Treatment Plant

WATER AND SEWER TREATMENT PLANTS

Fayetteville has a very modern water system that is definitely designed for the future as well as the present. Today, its supply of soft, high grade water comes from a system of surface lakes which should be quite adequate for years to come, even with the present rapid rate of growth. The average pressure is 65 pounds, and that is assured primarily by three elevated one million gallon reservoirs. The Public Works Commission, which operates the

water supply and distribution system for the City of Fayetteville, has done a most creditable job of filling current needs and anticipating those of the future. To supplement the existing system of lakes, the Commission has recently installed a new twelve million gallon pump on the Cape Fear River, with a direct line to the water treatment plant.

Sewage Disposal Plant

The sewage disposal plant is most modern and as may be seen, is designed for expansion to meet future needs. This service is also operated by the Public Works Commission and is constantly expanding to meet the increasing needs of a rapidly growing community. The plant services are expanded and maintained out of operating revenue. It is designed to handle industrial as well as domestic waste.

OVER 100 INTERCITY SCHEDULES BY TRAILWAYS AND GREYHOUND USE THIS TERMINAL DAILY !!!

RAILROADS: The main line of the Atlantic Coast Line Railroad provides five trains daily to New York and Washington (in season—six). Service is also operated to both coasts of Florida and Atlanta to the south. Piggy back freight service is available and the ACL operates a branch line from Sanford to the State Port at Wilmington. Three other railroads provide the area with splendid freight service—The Aberdeen and Rockfish, The Cape Fear and The Norfolk-Southern. All four have numerous desirable industrial sites.

AIR SERVICE is provided by Piedmont Airlines. Their equipment presently is F27 or Martin 404, as shown left below. Through plane service to Washington, Atlanta, Cincinnati, Louisville and Norfolk is provided by eighteen flights daily. Air taxi or charter service is available as are complete facilities for servicing and storing transient aircraft. Grannis Field has twenty-four hour tower operation and is equipped with both ALS and ILS.

TRUCK LINES AND TERMINAL: Truck lines serving Fayetteville are Associated Transport, Edmac Trucking Co., McLean Trucking Co., Miller Motor Express, New Dixie Motor Lines, Inc., Overnite Transportation, Roadway Express, Thurston Motor Lines, Carolina-Norfolk, Standard Trucking, Johnson Motor Lines, Colonial Motor Freight Lines, Pilot Freight Carriers, Helms Motor Express and Hennis Freight Lines.

Through busses to New York, Montreal, Chicago, Memphis, Miami, Dallas, and Washington provide unusually good package service, as well.

CAPE FEAR VALLEY COACHES provides schedules to and from the downtown area. Cabs are plentiful and all principal car rental firms operate in the city and at the airport.

The barge on the Cape Fear River is delivering oil from the Atlantic Coast. Just upstream from this terminal is another operated by Chem-Phalt. Fayetteville is the head of navigation.

Cape Fear Feed Products presently uses in excess of two million gallons each day which it returns to the river. Being a comparatively new operation, its use of water transportation is in the future.

The Borden Chemical Company plant produces formaldehyde. It has been tripled in size since its opening in 1957. Although transportation is presently via rail or truck, the Cape Fear is available just behind as you can see.

CUMBERLAND COUNTY'S INDUSTRIAL ECONOMY

The area's industrial economy is quite diversified, with textiles and related lines providing the largest employment. Burlington Industries, Inc. operates two plants in Fayetteville and several others in the general area. The plant pictured is a weaving operation and the other, Lakedale, produces yarn for Fayetteville Fabrics. Both these plants are a portion of the Men's Wear Division which has its headquarters in the fabric plant.

Burlington also operates its own transportation system, which maintains a large terminal in Fayetteville. Another textile operation in Cumberland County is Elk-Eastern Mills which produces cotton yarn at the plant in Hope Mills.

Cape Fear Feed Products—On The Cape Fear.

Borden Chemical Co.—Formaldehyde—On The Cape Fear.
(Large Expansion Presently in Process)

Holt-Williamson, in Fayetteville, produces corded cotton and synthetic yarns, wristing for work gloves and does raw stock dyeing. Malkinet, Inc., in Fayetteville, is a lace production, basically synthetics. Dixie Yarn Mills operates plants producing knitting and thread yarn at Cumberland and cotton yarn at Hope Mills. Tolar, Hart & Holt Mills, Inc. also operates a yarn spinning mill in Fayetteville. At present there are two cut and sew plant in the county, how-

ever, several are situated nearby. Kings Point Manufacturing Co., Inc. operates one of Fayetteville's newer firms in an 80,000 square foot modern air conditioned plant; Fayetteville Manufacturing is one of 58,000 square feet. Another national firm that has found the Fayetteville Area climate attractive and profitable is American Bakeries Company which produces bread and rolls for the area in the plant shown.

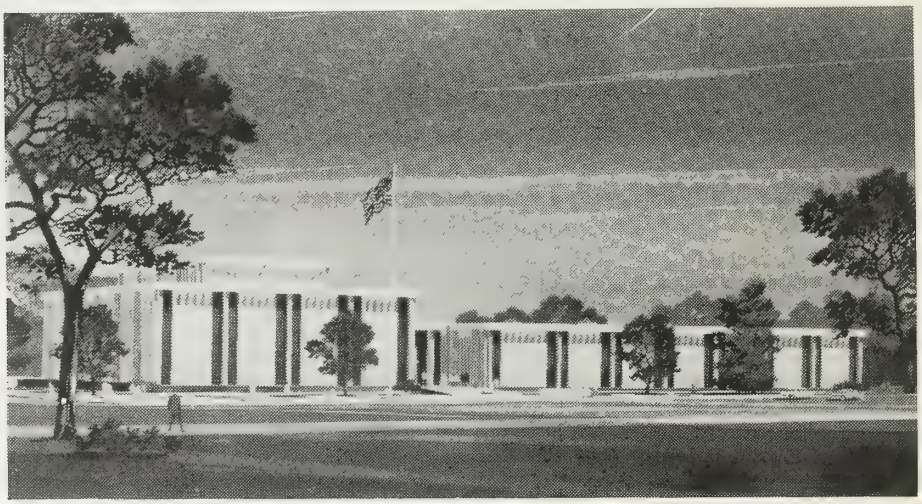
Burlington Industries—Fayetteville Fabrics
(Recently Added 20,000 Sq. Ft.)

American Bakeries

Kings Point Industries Inc

Another Specialty manufacturer in the area is Christy Manufacturing Company which ships its sewn and stuffed toys all over the United States and into some foreign countries as well. With a growing population such as that of the Fayetteville Area, service operations are, of course, quite necessary. Pictured is the very modern plant of National Linen Company which serves quite an area in addition to Cumberland County. Fayetteville Manufacturing Corp. ships curtains and draperies all over the United States. Decoro Homes produces and manufactures prefabricated homes.

Fasco Industries—Ventilating & Heating Equipment



Pictured above is the plant of Fasco Industries Inc., which produces electronic devices, air circulators and heating devices. Operations in the metal field have increased considerably in recent years. Most recent to enter the area was Canam, Inc., a manufacturer of tobacco tying machines, which started production January, 1963. The parent firm is the Brantford Oven and Rack Company, Ltd. of Brantford, Ontario. Expansion into fields now served by the Canadian firm are planned for the future. Also active in the metal field are Union Corrugated Co., Hercules Steel Company, Inc. and several others set up primarily to either service existing metal equipment or to design and fabricate new.

Chem-Phalt Barge Terminal On The Cape Fear.

Two firms, primarily engaged in productions related to agriculture are the Planters Chemical Corporation and Cape Fear Feed Products, Inc. The latter firm is active in the foreign as well as domestic poultry feed supplement markets. Both of these firms have entered the area during the past few years and found results to warrant expansion over original planning. Capitol Manufacturing Company, a manufacturer of picture mouldings, is another comparative newcomer that has found need for expansion several times since locating in the area. Other phases of the woodwork field are quite active with Rankin Brothers producing plywood chair seats, backs, arms, legs, industrial plywood parts in its plant.

Novelty Furniture Company manufactures small furniture in its operations and basket bottoms and dimensional squares are the products of West Lumber and Box Company in its plant. Thomason Chipboard Company produces chipboard and Southern Resin Glue Company, wood adhesives in their plants. Ideal Brick Company is an established and growing manufacturer as are several others in the construction or related fields. Pipe, Inc. manufactures and ships a great deal of concrete pipe. Concrete and cinder blocks are products of Cape Fear Block Company and Fay Block Company. The area has a splendid group of construction companies, experienced and justified to handle most any need. This does not nearly include all the manufacturers presently operating in the Fayetteville Area, and is intended only to emphasize the diversity that presently exists among successful operations. Pictured is the Chem-Phalt Terminal which once again indicates one of the many advantages offered by the Fayetteville Area for the location of industries which can make use of water either for cooling, processing or transporting. The Fayetteville Area provides a very healthy climate for industrial operation as evidenced by both the expansion of existing facilities and completely new operations during the past few years.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

MORE GOODS ARE BOUGHT AND SOLD THROUGH THE CLASSIFIED BUSINESS LISTS OF THE DIRECTORY THAN ANY OTHER MEDIUM ON EARTH

WHY A *Buyers' Guide?*

It is customary to include a Buyers' Guide in the City Directory because:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . *EXTENDED*

Host To The Carolinas!

CUMBERLAND COUNTY MEMORIAL AUDITORIUM AND EXHIBIT HALL

Starting in late 1967, these beautiful modern, new facilities will be available to handle conventions and meetings of all types.

Being situated on U. S. Highway 301 South, just outside the city of Fayetteville, over 2000 motel units and hotel rooms offer splendid accomodation facilities

Now is the time for your organization or church to plan its 1968 -or- 1969 meeting or convention to take advantage of these beautiful new facilities.

Interested Parties Should Contact

The Fayetteville Area Chamber of Commerce

P.O. BOX 9

Fayetteville, North Carolina 28302 Area 919 483-8133

HOST TO THE CAROLINAS!

Available In Late 1967

AUDITORIUM

Designed To Seat 2439!

This building is quite similar to one in Greensboro and would serve the following needs and purposes plus many others:

Conventions - Graduations - Concerts
Meetings - Musical Shows - Ballets

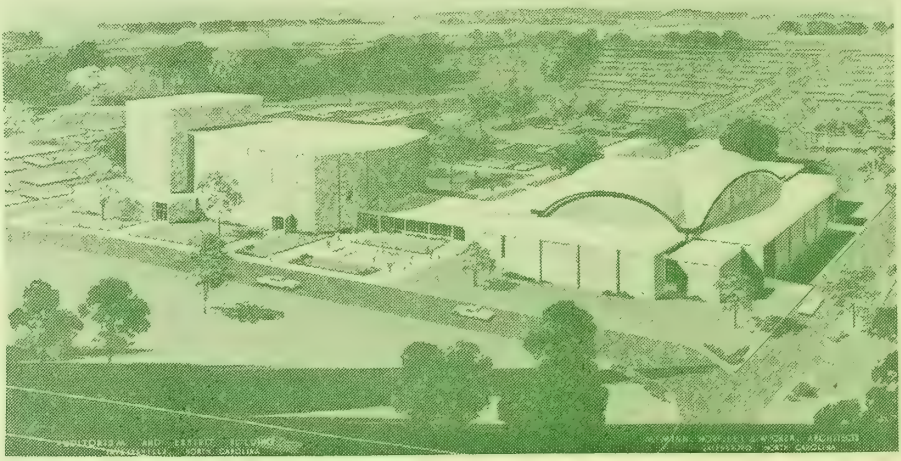

EXHIBIT HALL

40,000 Square Feet of Floor Space!

With a concrete floor, this building is really one for multiple purpose:

*** Basketball (Seat 4900) - Animal Shows - Trade Shows**
Auto Shows - Dinners - Sports Events
* Portable floor and seats

- An Administration Area connects the two buildings
- ACCESSABILITY: The site selected by the team of Auditorium Management Specialists on US 301 South can be reached rapidly from any point in Cumberland County. This also makes it easy for persons from outside the immediate area to reach the facility with a minimum of unnecessary traffic.
- THE PARKING AREA: This important item is presently designed for 1600 cars, with ample room for capacity to be doubled in the future.
- 2000 MOTEL UNITS AND HOTEL ROOMS AVAILABLE

Cumberland County Memorial Auditorium and Exhibit Hall
